A spherical cow is a humorous metaphor for highly simplified scientific models of complex real life phenomena. The implication is that theoretical physicists will often reduce a problem to the simplest form they can imagine in order to make calculations more feasible, even though such simplification may hinder the model's application to reality.. The phrase comes from a joke that spoofs the ...

The Cup of Blessing refers to the practice at Jewish meals, and especially Passover (Seder), to offer a blessing to God for his gifts of bread, food, wine, and the fruit of the vine. The One Loaf teaches the essential unity of all who partake of the Lord's Supper -- a unity we have still to achieve.
