

focus on life science pdf

Science, mathematics or computing. Focus or attention, selectively concentrating on one aspect of the environment while ignoring other things; Focus (computing), which of a number of GUI elements currently accepts keyboard input Focus (optics), a point toward which light rays are made to converge Focus (linguistics), the way information in one phrase relates to information that has come before

Focus - Wikipedia

The life sciences or biological sciences comprise the branches of science that involve the scientific study of life and organisms – such as microorganisms, plants, and animals including human beings.. Life science is one of the two major branches of natural science, the other being physical science, which is concerned with non-living matter.. By definition, biology is the natural science ...
