Electronic music is music that employs electronic musical instruments, digital instruments and circuitry-based music technology. In general, a distinction can be made between sound produced using electromechanical means (electroacoustic music), and that produced using electronics only. Electromechanical instruments include mechanical elements, such as strings, hammers, and so on, and electric ...

Electronic music - Wikipedia

The aim of this study is to examine, from a resource-based perspective, the relationships between the use of management control systems (MCS) and organizational capabilities.
