Exercise and Physical Activity for Older Adults

The least-action principle is an assertion about the nature of motion that provides an alternative approach to mechanics completely independent of Newton's laws.

Edwin F. Taylor - Principle of Least Action

A disability is an impairment that may be cognitive, developmental, intellectual, mental, physical, sensory, or some combination of these. It substantially affects a person's life activities and may be present from birth or occur during a person's lifetime. Disabilities is an umbrella term, covering impairments, activity limitations, and participation restrictions.

Loneliness and Social Isolation in Elders

Physical attractiveness is the degree to which a person's physical features are considered aesthetically pleasing or beautiful. The term often implies sexual attractiveness or desirability, but can also be distinct from either. There are many factors which influence one person's attraction to another, with physical aspects being one of them.
