Utilitarianism definition is - a doctrine that the useful is the good and that the determining consideration of
right conduct should be the usefulness of its consequences; specifically : a theory that the aim of action
should be the largest possible balance of pleasure over pain or the greatest happiness of the greatest
number.

Definition of UTILITARIANISM - Merriam-Webster

Utilitarianism is an ethical theory that states that the best action is the one that maximizes utility, which is
usually defined as that which produces the greatest well-being of the greatest number of people, and in some
cases, sentient animals.

Utilitarianism - Wikipedia

Utilitarianism, in normative ethics, a tradition stemming from the late 18th- and 19th-century English philosophers and economists Jeremy Bentham and John Stuart Mill according to which an action is right if it tends to promote happiness and wrong if it tends to produce the reverse of happinessâ€”not just the happiness of the performer of the action but also that of everyone affected by it.
